Our Vision

A Model Institution of
Higher Learning

Our Mission

To provide High level Manpower through
Quality Training, Research, Consultancy
and Community Service

Our History

Machakos Technical Training Institute opened its doors to students way back in January 1957, and was then called Machakos Technical Rural Training School. It was taken over by the government and renamed Machakos Technical and Trade School in 1958. It became Machakos Technical Secondary School in 1967.

The Institute was one of the 19 Government maintained National Technical Secondary Schools which were upgraded to Post Secondary Technical Training Institutes with the advent of the 8-4-4 system of education in 1985. The secondary school curriculum was gradually phased out by 1987 when the last 0-level exams were taken and the institute became purely a post-school institution.

On 5th September 2011, the Institute was upgraded to Machakos University College (A constituent College of Kenyatta University), via a Kenya number 130 of September 16th 2011.

Status

The institute is managed by a Board of Governors appointed by the Minister for Higher Education Science and Technology. It also has a Parents Teachers Association (PTA) to assist the BOG especially in matters of development and students discipline.

Currently, the institute has a student enrolment population of 2731, with boarding facilities that can accommodate 650 students.

The institute has ten academic departments offering 23 Diploma and 22 craft certificate training programmes.

Currently the institute offers 45 different training programmes spread across different levels.

The training programmes that have been fully established in the last 19 years include:-

ACCOUNTING/SECRETARIAL STUDIES DEPARTMENT

- Accounting (KATC, CPA, C.I.C.T)
- Secretarial Studies (Diploma/Craft)
- Accountancy (Diploma)
- Early Childhood Education (Diploma/Craft)

BUILDING AND CIVIL ENGINEERING DEPARTMENT

- Building technology (Diploma - Modular)
- Civil Engineering (Diploma)
- Masonry (Craft)
- Carpentry and Joinery (Craft)
- Plumbing

ENTREPRENEURSHIP MANAGEMENT STUDIES DEPARTMENT

- Business Administration (Diploma/Craft)
- Cooperative Management (Diploma/Craft)
- Human Resource Management (Diploma/ Craft)
- Marketing (Diploma/Craft)
- Supplies Management (Diploma/Craft)

CLOTHING TECHNOLOGY DEPARTMENT

COMPUTING AND APPLIED SCIENCES

- Information Technology (Diploma)
- Communication Information Technology (Diploma)
- Science Laboratory Technology (Craft)

ELECTRICAL ENGINEERING DEPARTMENT

- Electrical Engineering (Diploma, Craft)
- Electronics Engineering (Diploma, Craft)
- Solar Technology, Mobile phone Repair, Electrical Wireman

HOSPITALITY MANAGEMENT DEPARTMENT

- Food and Beverage (Diploma, Craft, Artisan)
- Dietetics Management (Diploma)

MECHANICAL ENGINEERING DEPARTMENT

- Mechanical Engineering (Craft, Diploma)
- Welding and Fabrication (Craft)

MOTOR VEHICLE ENGINEERING DEPARTMENT

- Motor Vehicle Engineering (Diploma, Craft)

COMMUNICATION AND LIBERAL STUDIES

- Information Science (Library - Diploma, Craft)
- Community Development (Diploma, Craft)
- Social work (Diploma, Craft)

The accounting and Information Technology courses are offered in sections/modules, which last six months each. The diploma programmes last for three years whereas the craft training programmes take two years. Students are expected to spend between 5 – 6 months of their total training time on industrial attachment, which is compulsory for students taking craft and diploma programmes.

The industrial experience enables them to gain practical exposure in the world of work as they work alongside other experienced employees in companies, firms or organizations. In Machakos TTI industrial attachment is an important component of the training programme, hence it is keenly supervised and rigorously monitored and evaluated.

Besides industrial attachment, all training programmes at Machakos TTI are monitored and evaluated constantly in terms of content, structure and duration so as to ensure their relevance to the job market demands. This has led to higher levels of performance and work discipline, which enables Machakos TTI graduates to gain a competitive edge in the job market.

Students Enrolment

Currently, the institute has a student population of 2731 students. Out of this number 45 craft students are out on industrial attachment while over 350 are new students who reported this term.

Graduation

The first graduation ceremony was held in the year 2002. During the first graduation ceremony 600 graduands participated. It comprised of graduands from the year 1995 to 2001 who had qualified after taking various exams. This year the institute is proudly celebrating its ninth graduation ceremony. In 2010 the graduation ceremony attracted 603 graduands. This year's graduation ceremony will be held on Thursday 22nd March 2012 and is expected to attract at least 828 graduands who have fulfilled the KASNEB and KNEC requirements for the award of various diplomas and certificates.

Future focus

The Institute's management has realized that with the rapid technological advancement and changing business trends, there is need for the institute to undertake internal reforms if it is to remain relevant and competitive. It is with this in mind that the five year strategic plan, has been formulated and reviewed accordingly.

The strategic plan builds on the achievements of the institute since it was converted into a Technical Training Institute. It includes the possibility of upgrading the institute to either a National Polytechnic or constituent college of a public university.

MTTI has now become **Machakos University College** as envisioned in the strategic plan!
